The Presidio of Monterey is home to the Defense Language Institute Foreign Language Center. Our community of 53,000+ represents a unique blend of permanent residents and transitioning service members.

Roughly half our population—retirees, civilians, and contractors—are deeply rooted in the Monterey Bay area. The other half cycles through on training assignments, typically staying 1-2 years before moving to their next duty station.

This creates a dynamic, multi-generational community spanning from young students beginning their military careers to seasoned retirees with decades of service. Our programs are designed to serve this diverse population, enhancing quality of life for both long-term residents and those temporarily calling Monterey home.
